

PRESS RELEASE

JUNE 2023

33RD APPEARANCE AT THE OMEGA EUROPEAN MASTERS FOR MIGUEL ÁNGEL JIMÉNEZ

The Spaniard with the multiple longevity records has confirmed his 33rd participation in the Omega European Masters, which will take place from 31 August to 3 September 2023 in Crans-Montana.

With 720 appearances in European Tour tournaments and the oldest player to have won a tournament in Europe (the Spanish Open in 2014), Miguel Ángel Jiménez is a key figure in European golf. His record includes 21 European victories and 13 on the PGA TOUR Champions, including three last year.

At the age of 59, he continues to put in excellent performances and is currently ranked 7th on the PGA Tour Champions in the United States. After finishing 5th in the PGA Senior Championship in May, he is starting in his second major of the year, the US Senior Open, today.

The Omega European Masters is a tournament close to Miguel Ángel Jiménez's heart. The 2010 winner will be returning to the course at Golf-Club Crans-sur-Sierre, which he loves so much. "It's my favourite place to play golf and I love coming back here every year. You only have to look around to see what I love about it. I don't know how many more years I have ahead of me, but as long as I feel capable of making birdies, you'll find me at the Omega European Masters.
